finishes

Textured Reproduction

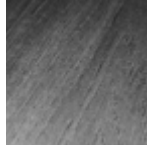

ST10

A surface for authentic, striking and realistic décors.

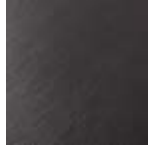

ST22

A deep brushed finish with a matt gloss linear grain. A realistic surface for linear wood grain décors.

WP

A finish that compliments the pristine nature with its natural wood-like tactile qualities.

SN

A linear and lively wood grain texture with matt-gloss areas, giving depth and tactility for a dramatic effect.

PP

A rendered concrete finish raw and tactile to the touch.

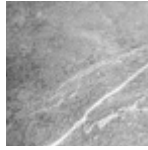

ST16

This surface has a plaster or spatula look, containing both deep and raw as well as smooth and glossy elements.

MT

The timeless beauty of natural quartz, combined with the natural stone texture and natural stone effect.

MN

Rigid surface that resembles the flowing of molten lava. Non-uniform three dimensional effect enhances the tactile experience.

Synchronised Wood Grain

ST28

A natural looking synchronised grain which emphasises the characteristics of sand blasted natural wood.

ST36

A deep brushed wood texture coupled with a matt finish gives the surface an authentic feel.

ST37

This texture has an authentic solid wood finish, which is emphasised with its synchronised surface.

ST38

Deeply brushed softwood look with a high value pearl effect thanks to the matt and gloss elements.

3D Vinyl Textures

WOOD

Woodgrain

TXT

Matt texture

SUED

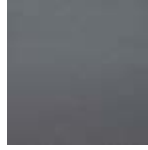

Suedette matt

HG

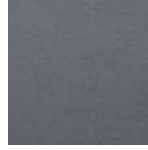

High gloss

Matt

BS

A smooth, flat surface with low sheen levels and low maintenance.

ST9

A matt finish with a very low gloss level, offering a very soft and natural feel.

ST15

A smooth, flat surface finish with low gloss levels and low maintenance.

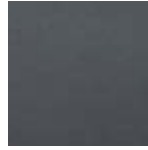

ST

Nanotech soft matt finish that is resistant to fingerprint marks and is soft to touch.

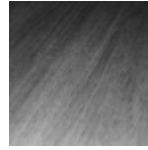

PM

The warm and silky feel is combined with high resistance and Anti-Fingerprint properties to provide a high quality finish.

SU

The ultimate matt finish, a smooth, paint like and untextured finish with a warm soft to the touch feel.

MW

This MattWood surface gives a silky matt finish exposing the subtle gloss of the wood grains pore.

Gloss

PG

PerfectSense Gloss is characterised by its exceptionally smooth and deep reflective finish.

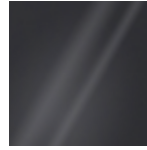

HG MAR

High Gloss Micro Abrasive Resistant. This surface is resistant to everyday scratches.

ST30

A smooth surface with high gloss level, especially suited for white and neutral décors.

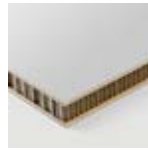

ACRYLIC

High Gloss lacquered acrylic boards. This surface offers an unmistakable depth and gloss effect like no other material.
