

WILSONART | LPM PANEL

When it comes to design versatility and performance, Wilsonart LPM (Low Pressure Melamine) panels are decorative surfaces providing a coordinated story for any design requirements.

Made in Australia, we take pride in sourcing trends, finishes and technology from around the globe to create innovative decorative panels that exceed expectations in every way.

All our Wilsonart LPM panels are available with matching edging to create a seamless look. Versatile with four beautiful finishes and a coordinating story with Wilsonart HPL laminate.

Our LPM panels are recommended for vertical use.

SUSTAINABILITY

At HVG Decorative Building Products, we believe that it is our responsibility to do right by our environment. This means continuously striving to improve our products and processes to ensure minimal impact on the world around us.

Wilsonart strive to ensure their manufacturing and distribution processes leave the absolute minimal impact on the environment.

Their sustainability programs are ongoing and stretch across all touch points, including distributors who are equally committed to sustainable business practices.

WARRANTY

Wilsonart LPM panels come with a 10-year warranty. For full terms and conditions, as well as specific technical and fabrication details, visit us here: www.hvgbuilding.com.au

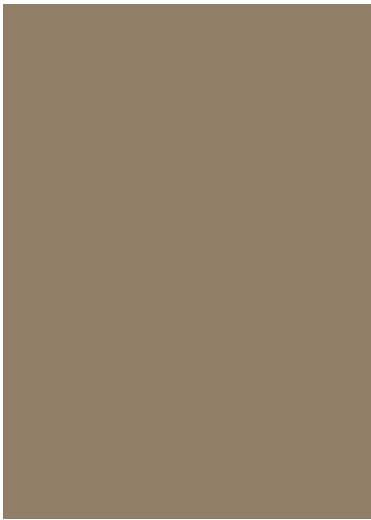

THE WILSONART CONTEMPORARY COLLECTION

DESIGN | EMOTIVE AND BEAUTIFUL

Replete with visual and textural elements, this defines our Wilsonart design decors. The collection provides dimension and depth which works seamlessly with both modern and traditional interior design.

A refined and economical option for a range of applications across residential, commercial and specification.

*As the colours are representations only, contact us on 1300 854 166 to order your free sample for a perfect colour match.

CONCRETE & STONE | RAW BEAUTY

Add a sense of gravity and refinement to your surfaces with Wilsonart's stone and concrete inspired decors in a variety of elegant and earthy finishes.

Combining the raw beauty of engineered stone with the advantages of LPM panel, we create finishes that are both realistic in look and touch.

BLEACHED CONCRETE - XM

MANHATTAN GREY - XM

Wilsonart LPM panel - Concrete - XM

WOODGRAIN | REALISTIC AND TACTILE

Introduce a soft organic touch to your interiors with the delightful richness and warmth of natural woodgrain decors and textures, in a selection of bright, cosy, and subdued tones. The collections and finishes are not just about

how the product looks but also about the tactile properties. Inspired by nature and manufactured with durability in mind, allow for a seamless transition between inside and outside.

FINISHES

Xtreme Matt (XM)

The Xtreme Matt range is durable and easy to maintain. This luxurious finish creates a smooth, natural look that's silky soft and on trend.

Velvet (V)

This high-end finish adds a plush comfort and feel to any project. The velvet provides a deeper, richer look and touch to your chosen surfaces.

Glis (G)

A beautiful finish that reflects light. Glis finishes help make a space feel bigger and more open, even when you are considering a darker colour.

Hewn (H)

A unique satin and matt embossed surface reminiscent of naturally hewed timber. Hewn's realistic texture and tactile surface brings any woodgrains or decors to life.

MADE IN AUSTRALIA

Our Wilsonart panel range is made in Victoria at our HVG Manufacturing facilities. All our LPM panels' EO MDF stock is supplied by Australian companies, and we produce our beautiful decors for you nationally.

Being able to manufacture here ensures stability in supply, improved quality and lead times, and an ability to produce a focused range with flexibility and nimbleness at the core.
